Raeto-Romance

Also known, in Switzerland, as Rhaeto (Rheto)-Romanic, Romansh, or Ladin, and in Italy, as Ladin or Friulian; Ladin is applied particularly to the dialects of the Engadine, and again, in local usage, to the dialect of a few villages in the Gader Valley in the Tyrol, between Enneberg and Gader Abtei. The principal groups are (1) the dialects of the upper Rhine basin (Vorder and Hinter Rhein, and their confluents) east of the St. Gotthard, and north and west of the Suretta massif and the Septimer and Albula passes, (2) those of the Engadine (Upper and Lower) and the Münster Valley, (3) of the Southern Tyrol, Trentino, etc., and (4) of Friuli, from the Carnic Alps to the Adriatic, and west to east, from the Piave to the Isonzo. The demarcations are broken and irregular, and naturally there are transition and mixed dialects, especially in certain adjoining Italian border districts
